STATUTORY CHARGES ARE FILED AGAINST PHYSICIAN WELL KNOWN IN TOWNSHIP

NAUGHTY? YES, NOT REALLY BAD

STATISTICS would indicate that people in Washington Township were naughty but not really bad this past week. A score of traffic offenders paid in almost two hundred dollars in Judge Allen G. Norris' court at Centerville Tuesday. These were the only law violators.

Judge Silva, at the Niles court, had not a single case come before him at the Tuesday session.

PARENTS FAVOR BUSINESS CHANCE FOR BOYS, GIRLS

Township Register Offers Extra Prizes for Winners

Parents are heartily in favor of the Township Register plan to provide energetic boys and girls with vacation expense money and also other valuable gifts. Parents realize that the money and other gifts are not the only benefit that children will derive from their work in this campaign, as the benefit they get in salesmanship, thrift, and the encouragement they receive in their initial efforts to earn their own money cannot be measured in dollars and cents.

Mothers and fathers are entering into the spirit of the affair and are assisting in a number of cases to help swell the total of subscriptions gathered by their sons and daughters.

Parents are urged to have their son or daughter register at the Township Register office so as to enable them to obtain their share of the valuable gifts to be given boys and girls by The Register.

Teachers approve of "O'B" Kid-die Campaigns, as children need not secure any specified number of subscriptions to obtain something in return; those who get only one subscription will be paid for their effort.

Boy Scouts appreciate the opportunity offered them by The Township Register to secure their camp expenses as evidenced by the large number of Boy Scouts that have registered in The Register Boys' and Girls' Vacation campaign.

The Township Register is sponsoring this campaign with a two-fold purpose: First to put The Register into ever home in Washington township and, second, to encourage the children of the district in salesmanship, thrift, and to reward them handsomely for their industry.

Regardless of whether the gift is won or not, each boy and girl will be paid in cash commission on every subscription they bring in. There are absolutely no strings tied to the gifts or commissions.

See that your favorite boy or girl is registered.

Dr. M. M. Enos Faces Charges Reputedly Com- mitted at Irvington.

A grand jury investigation is being launched as the result of statutory charges filed against Dr. M. M. Enos, prominent Oakland surgeon. An indictment with a penalty of from 14 years to life imprisonment is confidently expected by the prosecuting parties.

Charges consisting of six counts of contributing to the delinquency of minor girls have been sworn to before Judge Allen G. Norris, of Centerville, against Dr. M. M. Enos, 55, who has maintained a palatial summer home in Irvington for a number of years.

Dr. Enos, a practicing physician in Oakland for thirty years and head of an Oakland hospital, was arrested Thursday night on statutory charges involving two young girls, and according to District Attorney Earl Warren, the offenses charged against the wealthy physician have taken place at the Irvington summer home.

He is said to have taken the children to Irvington as his guests, parents entrusting them to his care. The estate has a large swimming pool and other advantages for recreation purposes, and the parents of the children said they were glad to have the children visit with Dr. Enos there.

Enos is suspected to have been practicing the statutory offenses over a number of years, but it was not until the last two little girls returned home with tales of alleged indignities that the physician was suspected. The investigation and arrest followed.

The physician, who has a host of friends and former patients throughout Washington township, received his early education in Hayward schools, and graduated from the California Medical College in San Francisco in 1896. Later he attended the National University of Chicago and studied at the College of Physicians and Surgeons there and in the medical department of the University of Illinois. He also took a post-graduate course in the Chicago Polytechnic, after which he taught surgery for a time at the National University. He is a member of the American Medical Association and the California State and Alameda county medical societies.

Dr. Enos was born in Hayward and is unmarried. Some time ago he announced plans for the erection of a 16-story apartment house on Lake Merritt to be known as Enos Towers.

GREAT ISSUE SETTLED

The large tree that has been standing in front of the Niles fire hall for many years, has been cut down, following protests that it interfered with the successful operation of the department.

Mr. and Mrs. J. C. Shinn returned last week from an enjoyable vacation at Yosemite.

BOY KILLED IN NILES CANYON

Look At Gifts On Display In Main Street Window

THAT SPLENDID ARRAY of useful gifts on display in the window of the Niles Cleaners and Dyers (near post office) is attracting much attention. The gifts are to be given away by the Township Register to boys and girls of Niles, Centerville, Newark, Irvington, Mission San Jose, Alvarado, Decoto, and Warm Springs.

Gifts consist of wrist watches, cameras, fountain pens, manicure sets, pearl necklaces, pencil and pen sets, pistol flashlights, footballs, rotonicas, purse snap flashlights, roller skates, archery sets, vest pocket flashlights, boy scout flashlights, boy scout axes, boy scout knives, compasses, and other articles.

In addition to these gifts which are given every day, boys and girls are paid 15 cents and 25 cents for each yearly new or old subscription collected. Subscriptions also count on the \$60.00 in gold to be given boys and girls at the close of the campaign, Saturday, August 1.

Boys and girls are urged to call at the Township Register office, or on one of our correspondents for full particulars of this big offer to boys and girls.

FIRE DEPARTMENT CALLED TWICE ON SATURDAY A. M.

Niles fire department answered two calls early Saturday morning, the first, which came in at 7:30 o'clock, calling them to the home of Mr. and Mrs. F. J. Cesari, on the Niles-Mission highway, a short-circuit in a fuse causing a slight scare. No damage resulted and the services of the fire department were not even needed.

Less than an hour after the first call, the fire ladders were called to extinguish a grass fire on the vacant property adjacent to the Essanay studio building, which was promptly taken care of.

F. V. Jones was a visitor in Newark Friday on business.

HODGKINS OFFERS VALUABLE GIFTS AT FORD SHOW

Five useful gifts are to be offered the public by Ira B. Hodgkins, Centerville Ford dealer, at the Ford show in Centerville next Tuesday.

The most valuable of the five will be \$25.00 deposit on a new Ford car. The remaining four include two complete lubrication jobs and two finished car washing jobs.

Details as to the distribution of the gifts will be furnished at the showrooms.

Miss Jane Cobb, of Berkeley, who has been visiting with her cousin, Miss Elizabeth Shinn, of Niles, left for her home Saturday morning.

BUSINESS MEN OF NILES SPONSOR MOVEMENT TO REVIVE "MOVIE" INDUSTRY

Attempt Will Be Made to Locate Company In Essanay Studio.

Revival of the motion picture industry in Niles—its birthplace—is the goal set by a group of far-sighted business men of this community, following an announcement made last week in the Township Register of the clearing of the site of the Essanay Studio, cradle of the "movies" some twenty-five years ago, long before Hollywood was even thought of.

Feeling confident that Washington Township has absolutely everything to offer for the "shooting" of successful outdoor films, Ed Rose, now sole legal owner of the studio, plans to leave early tomorrow morning for Hollywood, in company with Al Jermy, until recently connected with the Register staff, who is now handling publicity for Rose in an effort to induce one of the leading film studios to establish a branch in Niles.

During the seven years that the studio building has been in litigation, several film companies have sought to purchase the building in view of again making Niles a center for motion picture activities. Representatives from a well-known Hollywood company inspected the building on Tuesday afternoon, and after taking a

drive through scenic Niles Canyon and throughout the township, evinced interest in its possible purchase, realizing that the judgment of G. M. Anderson—more widely known as "Bronco Billy" and J. Spoor, his partner, in selecting Niles as the location for the site of the first movie—those thrilling one-and-two-reel "westerns"—was amply justified.

The Essanay studio, which has remained unchanged since the time when Charles Chaplin, Ben Turpin, "Bronco" Billy and the "Baby Dolls"—to mention but a few—were familiar figures in the streets of Niles, can be made into a thoroughly modern studio with but very few changes, and in view of this, together with the fact that Niles is in very close proximity to San Francisco—the most colorful of the four "picture cities" in the United States—business men of this community feel confident that their efforts will be rewarded.

Rose also stated that he is prepared to offer more than the studio to interested producers. He owns a large ranch in the hills, easily reached from Niles, but far enough from the railroads and highways that no noise would interfere with the making of talking pictures, which he will gladly place at the disposal of the interested company.

While in Hollywood, Rose expects to visit with Ben Turpin, with whom he is very well acquainted.

PLANS COMPLETE FOR NEXT TERM'S SCHOOL CAFETERIA

Teachers' Promised Aid Rescues Sinking Enterprise.

The grammar school cafeteria will continue next term as usual. This decision was reached last Wednesday at a board meeting of the parent-teachers association when it was learned that the teachers have promised their aid in starting it off at the beginning of the term.

It was feared for a while that the cafeteria would be discontinued. The enterprise came within two dollars and some odd cents of running into the hole this last term. The few ladies that were active in its management were feeling discouraged when the teachers came to the rescue.

They have promised to give a card party and dance at the opening of the new term, the proceeds to go wholly into the cafeteria fund.

In view of this excellent support plans for the new term include a few improvements.

The cafeteria in the past has been serving one hot dish and two bread-and-butter sandwiches for seven cents. This policy will be continued next term, but in addition there will be one or may be two separate hot dishes at five cents each. This plan will afford those students who desire and can afford it a little more variety of menu.

SPEED WARNINGS WILL BE POSTED IN NILES SOON

New Speed Limits Take Effect Next Month.

Traffic signs regulating speed through Niles will be installed shortly after August 14 when the new speed law takes effect, according to recent word received from the state department of public works by A. J. Petsche.

The new traffic statute sets speeds at twenty miles in business districts, twenty-five in residential, and forty-five on the highway. Maximum speed at intersections will remain fifteen miles per hour as in the past.

As secretary of the chamber of commerce, Petsche has been trying for the past few weeks to get state's cooperation in posting signs in Niles. A recent communication promises action early in August and points out the fact that any signs erected immediately would be unnecessary expense and labor in view of the short time till the new speed limits go into effect.

Peter Decoto Is Reported As Doing Very Nicely

Peter Decoto, who fell from a ladder while picking fruit last week, is reported resting nicely at the Fabiola Hospital in Oakland. Although medical examination revealed he had broken four ribs his condition is not as serious as was at first feared.

Guests at the J. E. Thane home over the week-end included Mrs. Bart Thane and her daughter, Miss Fay Thane, Miss Laura Hammer, and Doctor and Mrs. Ra Milsner, of San Francisco.

TWENTY-FOOT FALL TO TRACKS PROVES FATAL

GIRL ESCAPES DROWNING IN CANYON

DEATH BY DROWNING WAS NARROWLY ESCAPED BY FRANCES EBERHARDT, OF OAKLAND, IN NILES CANYON SUNDAY.

She struck her head on a rock in a dive and did not come up. Her uncle, F. C. Ponce, a member of the swimming party, leaped into the water and rescued her.

She was revived by first aid administered by Ponce and others swimmers.

Former Niles Merchant Succeeding In New Home

A representative of the Township Register recently called on Mike Hadad, former business man of Niles, in his new location at the Plaza Department store in San Leandro, and found him in the midst of a bustling business. "Mike" expressed a very optimistic opinion as to the future of his business in San Leandro, and feels that a bright outlook is in store for him.

Westwood — Fifteen thousand trout planted in Deerheart Lake.

A fall from the top of the Western Pacific tunnel entrance-way near Sunol in Niles canyon resulted in the death of an Alameda youngster Wednesday morning.

Gordon Wilson, 11, son of Mr. and Mrs. Roy Wilson, 3236 Briggs avenue, Alameda, fell from the top of the tunnel entranceway to the tracks below shortly after nine o'clock. He was immediately rushed to the office of Dr. E. C. Grau, in Niles, and was pronounced dead by the doctor. He suffered a fractured skull, multiple fractures of the arms, and internal injuries. The body was removed to the F. F. Botelho mortuary to await funeral arrangements.

The Wilsons were camping over night in Niles canyon with the Flynn and Baker families, also of Alameda.

It was directly after the families had breakfast that the boy wandered away from the camp to play and was fatally injured when he fell twenty feet or more onto the railroad tracks.

VISIT PITTSBURG

Mrs. J. D. Perry and her son, Frank, Mrs. B. Enos, Mrs. Marie Enos, all of Niles; Miss Marie Thorpe, of San Jose; and Mr. and Mrs. Paul Knudsen, of Pleasanton, motored to Pittsburgh Saturday to visit Mr. and Mrs. Pete Kallas, and George Vrontos, son of Mrs. Marie Enos, who has been spending a few weeks at the Kallas' home.

MISSION GOLF COURSE IS DREAM OF MANY TOWNSHIP CITIZENS

Nine-Hole 'Pitch-and-Put' Links Planned at the Witherly Ranch

A golf course for Washington Township in the not so distant future is a dream to come true if the efforts of a group of interested citizens materializes.

Present plans call for a "pitch-and-put" course on the Witherly ranch in Mission San Jose. Nine holes with the longest hole being in the neighborhood of 100 to 120 yards are the two major specifications of the proposed course.

"Pitch-and-put" golf is proving very popular with the experts as well as the dubs. Golfers everywhere agree that the approach to the green is one of the most difficult shots to master and many claim it is the most important shot in the game. The tee shots of the proposed course are just such shots. The rest is putting, a phase of the game which a little practice never hurts.

These reasons make it popular with veterans while there are additional advantages which appeal particularly to the beginners. A "pitch-and-put" course eliminates ninety per cent of the chances to losing balls. The nine-hole course of this type will, of course, not tax the strength of the beginner as much as the regulation course.

Plans for the township course are wholly in the hazy stages at present. Those behind the move-

ment have, however, had golfing landscape experts look over the ground and express their opinions.

An association, made up of interested township golfers, has signified its intention of supporting any good golf course which shall be constructed in the township. Others interested in the Witherly ranch site are seeking further backing towards defraying the expense of construction.

The site under consideration is, in the opinion of many, an ideal location. Situated at the foot of Mission Peak, which, by the way, is within one hundred feet of the height of Mt. Tamalpais in the southern end of the sunny Santa Clara valley, cooled by San Francisco Bay breezes, the future golf course might well become the nucleus of one of the most popular pleasure spots in the bay region.

WITHERLY RANCH SCENE OF LARGE PICNIC SATURDAY

Witherly's Ranch, Mission San Jose, was the setting Saturday for the annual picnic and outing of the employees of the Equitable Life Insurance Company, of Oakland.

More than 100 people were present and enjoyed the many entertaining features, which included sports, races, swimming, and miniature golf.

LESLIE SALTS WIN OVER VIRDENS SUNDAY

The fans of the Leslie Salt baseball club witnessed one of the best games of the year Sunday, when the boys won a thirteen inning game over the Virden Packing company with a score of six to five.

The score was tied in the eighth inning when Dutra singled, scoring Searles. In the thirteenth the Salts emerged victorious when Searles singled scoring Perry and Perry.

Heavy sluggers for the Salts were Lazzerini and Dutra, and Castellotti for the Virdens.

Soito was injured in the eye during the game and Searles hurt his ankle. Although Rotteger pitched good ball the Leslies managed to get 17 hits. Both pitchers remained throughout the game and received wonderful support.

PLANS FOR MAIN STREET EXTENSION NEARLY COMPLETE

Present reports indicate that it will be only a matter of a little more time and work until the extension of Main street through the California nursery will be a reality.

The details of the construction passed the planning commission last week. A committee appointed by the Chamber of Commerce is busy now securing the necessary property owners' signatures for the right-of-way. With the complete list of property owners' signatures and the planning commission's report passed on by the board of supervisors, actual construction work will begin.

Let us hope that this event takes place soon.

SUBSCRIBERS MAY HELP KIDDIES EARN MONEY

The Township Register has started a Boys' and Girls' Vacation Expense Money Campaign to enable boys and girls to earn money for their vacation expenses.

Boys and girls will receive a commission on every new or renewal subscription, daily gifts are also given—and \$60 in gold.

We will greatly appreciate it if you will favor some boy or girl with payment of your subscription when they call on you. As the Boys' and Girls' Vacation Expense Money Campaign closes Saturday, August 1, it will be impossible for the boys and girls to call on all of our large number of subscribers. So to insure your favorite boy or girl to get their share of this vacation money we suggest that new and old subscribers call at our office or mail us a check for their subscription with name of boy or girl that you wish to have credit for, same.

We wish to get all subscriptions paid in advance to comply with post-office rules.

The label on your copy of The Register shows date that your subscription is paid to.

Trusting that you will give this matter your attention, as the Boys' and Girls' Vacation Expense Money Campaign closes Saturday, August 1.

In the Alvarado lodge James Logan was installed Noble Grand and A. E. Martin, Vice Grand. The other officers of both lodges remain the same as for the preceding term.

CHARLES COYLE SUFFERS FROM BAD SUNSTROKE

Charles Coyle, manager of the Niles MacMarr store, has been confined to his home this week due to sunstroke contracted last Thursday.

Coyle left on his vacation last Wednesday and planned to enjoy himself on the San Francisco beaches. Last Thursday he lay down in the sand thinking to acquire the beginnings of a coat of tan, and apparently fell asleep. A life guard on trying to wake him up when he began to show signs of sunburn, found him unconscious.

He was removed to his home in Niles and spent several days in bed. Even when otherwise apparently normal again he found himself unable to walk and was denied the use of his legs for several more days.

Niles scouts last Thursday won a water polo game from a group of Niles young men with a score of 2 to 1. Lawrence Pine scored both points for the scouts while Scoutmaster Marshall Green made the single score for the opposing team. The game was played on a swimming trip to an Oakland bath house.

At the regular meeting last Friday the scouts got paid for what they knew. Scoutmaster Green doped out a questionnaire. Those with correct answers were given a cookie. Before the evening was over some of the boys had enough cookies to go into business.

The yard of the scout house was cleaned up by the boys at Friday's meeting. A feature of the business was the burning of the dry grass. Ripe cots were also picked from the fruit trees on the place.

A joint swimming party at an Oakland pool is planned for Friday, July 17. The Niles and Centerville scouts will both participate. Another water polo victory is looked for by the Niles boys.

Newark Boy Scouts helped direct traffic during last week-end's celebration there. The traffic detail was under the leadership of Blair Fuller.

Assistant Scoutmaster Mervyn Blacow, of Centerville, Jack Ford, of Vacaville, and L. C. O'Brien, manager of the Township Register circulation campaign, were visitors of the Niles troop last Friday.

TWO BLAZES MAKE AFTERNOON'S WORK FOR SMOKE EATERS

Grass Fire On Irvington Ranch Flames Up Twice Friday

No damage and a lot of blaze and smoke were the results of two grass fires on the Lucio Campos ranch in Irvington last Friday.

Two departments, the Centerville and Mission San Jose squads, answered an alarm at four in the afternoon. A whole hillside was ablaze, but was soon reduced to smoldering ashes.

The fire was thought to have been caused by fire-crackers. Children were seen playing with crackers in the vicinity shortly before the fire was noticed.

A second alarm from the same place about 6 p. m. brought the firemen out to quench the flames again. Fanned by the breeze, the smoldering remnants of the earlier fire must have broken out anew to cause the second small blaze.

Centerville Couple Visits Canadian City

Latest reports from Mr. and Mrs. Robert Anderson, who are on an eastern tour, state that they are on their way to Montreal.

The Centerville couple left for the east two weeks ago. They have visited New York and Washington, D. C. After their visit to Canada they plan to return to New York before coming west again.

NEW HOME STARTED

Work has been begun on the new home of Mrs. Ralph Emerson near the high school. Her present home will be occupied by Mr. and Mrs. Frank Madruga when the new place is finished.

NEW OFFICERS INSTALLED BY LOCAL LODGE

District Deputy Allen G. Norris Conducts Ceremony

Installation of officers in the Knights of Columbus took place last Thursday in the Centerville lodge rooms. Allen G. Norris, district deputy, conducted the ceremony.

The new officers include John Vasconcellos, of Centerville, grand knight; James Collins, of Newark, deputy grand knight; Ernest Pimentel, of Decoto, chancellor; C. I. Norris, of Centerville, warden; George Roderick, of Centerville, financial secretary; Louis Mayer, of Centerville, recording secretary; and George Coit, of Centerville, treasurer.

A banquet followed the installation.

Mr. and Mrs. Howard Chadbourne, Mr. and Mrs. Clarence Graham and family, and Mrs. E. H. Stevenson and daughter are vacationing at Brockway, Lake Tahoe.

Mrs. Julia Straven, with her two nieces, the Misses Polly and Miriam Griffin, all of Berkeley, is spending a week with her sister, Mrs. Garret Norris.

Clarence Dutra and Edward Sila spent Sunday in Santa Cruz.

SEA CAPTAIN TO SAIL FRIDAY FOR EASTERN PORTS

Captain Oakes, who has been home on a two months' vacation, returns to service with the sailing of the steamer Columbia Friday. The Columbia is bound for New York via the Panama Canal. Both Captain and Mrs. Oakes have been honored at a number of social gatherings in the last few days. This week they were guests of Mrs. Bunting at dinner and bridge Tuesday evening and dinner guests of Mrs. Etta Chadbourne Wednesday.

CENTERVILLE VISITORS

Among a number of visitors in Centerville Sunday were noted Mr. and Mrs. R. H. Swayne, of Alameda; Mr. and Mrs. Thomas Bonner, Mr. and Mrs. Crab, and Mrs. Feeman, of San Francisco; and Mr. and Mrs. William Croll, and Mr. and Mrs. Richard Wood, of Northbrae.

DINNER-BRIDGE

Mr. and Mrs. Eric Bergstrom, former Niles residents, entertained a group of Washington Township friends Saturday night at dinner and bridge in their San Jose home.

SUNDAY PICNIC

A Sunday picnic at Congress Springs was enjoyed by Mr. and Mrs. G. L. Kirk, and Mr. and Mrs. Jack De Luce, of Centerville; and Mr. and Mrs. Roy Edstrom and family, Mr. and Mrs. Richard Saula, and Peter Belleci, of San Francisco.

SON VISITS MOTHER

George Gregory, of Meadville, Pennsylvania, arrived in Centerville Sunday. He has been attending a convention in Seattle and will now visit his mother, Mrs. Mary Gregory, and other relatives.

Robert Braden is spending his vacation months visiting as the spirit moves him. He was in Mt. Herman last week and is in Santa Cruz now.

NEWARK TRAIN WRECK INJURES CENTERVILLE MAN LATE SATURDAY

Manuel V. Maciel in Hayward Hospital with Two Ribs Broken

Manuel V. Maciel, of Centerville, suffered two broken ribs when his car was completely wrecked in a train collision late Saturday night. He is now resting nicely in a Hayward hospital.

The accident occurred at the railroad crossing on the Mowry's Landing road near Newark. The rear car of a backing freight train struck the nose of Maciel's sedan, telescoping the radiator into the engine. Fenders, axle and front bracing and frame were bent and twisted. The windshield and steering wheel were both shattered.

Maciel was alone in his machine when the train hit him. Friends following him in another car picked him up and carried him to his home in Centerville. He remained there under the care of a local physician until Monday evening when he was removed to the hospital.

The exact cause of the accident is hazy. The darkness of the night and the absence of any watchman or signalling device were said to have been contributing factors.

Nevada Minister To Speak Next Sunday

The congregation of St. James church enjoyed hearing Reverend and Henry Thomas, of Massachusetts, last Sunday. The men's choir sang without accompaniment "I hear Him Calling" in a very pleasing manner.

Next Sunday Reverend Doctor Frank Morgotten, of Nevada, will be here.

Mrs. George Emerson returned last week from Paradise Park where she spent two weeks.

KNIGHTS OF PYTHIAS CONFER DEGREE LAST WEEK

Rank of Knight was conferred on a number of Esquires of the Centerville Lodge 170 Knights of Pythias last Thursday night.

The degree team of the Berkeley lodge put on the work. A large number were present from Berkeley, Oakland, and Hayward. A banquet followed the ritual.

Centerville Personals

Miss Betty Robinson will visit Mrs. Holman, leaving Tuesday. Later she will spend a couple of weeks at Gridley.

Mrs. C. S. Plummer, Miss Dorothy Kohler, and Mrs. Muriel Kohler, of Burlingame, visited friends in Centerville last week.

Centerville Personals

Miss Mila Norris has returned from the southern part of the state where she has been attending a convention of her sorority.

Mr. and Mrs. Joseph Silva spent Sunday visiting friends in Oakland and Berkeley.

Mrs. Harold DeLeon is spending a two weeks' vacation in Santa Cruz.

Pleasanton Shows Spirit by Taking Honors in Parade

Town Outstanding in Estimation of Thousands of Witnesses

PROCESSION MILE LONG
Interesting Floats Add Much to Pleasanton's Section

While Livermore spent a year in collecting its entries for the annual Fourth of July parade held in conjunction with the rodeo, Pleasanton walked in and stole the show for the third consecutive year after only a few weeks preparation.

Every float entered from Pleasanton caused much comment from the thousands of spectators who lined the streets of Livermore to witness the parade. The procession was more than a mile and a half in length, with Governor James Rolph, Jr., as grand marshal.

Of the civic organizations which entered floats in the parade, that of the Pleasanton Lions club was by far the most outstanding. It consisted of an artistically decorated car on which rode a real, and live lion. As this float followed the line of march, hundreds of persons stepped forward that they might get a snapshot of the lion.

The Pleasanton Chamber of Commerce also entered a float of much credit. It depicted the home of the thoroughbred, for which Pleasanton has long been famous.

Commercial houses entering floats included several from Pleasanton. The display arranged by Christensen & Greve, consisting of six miniature covered wagons hauled by kiddies on velocipedes, was declared to have been one of the most novel and attractive in the parade. Lon A. Ruppel, of the Ruppel Service Station, also achieved a very interesting float through the mounting of a miniature filling station on the hood of his car.

The Pleasanton fire department was in the parade as well as numerous privately owned autos, all fittingly decorated for the occasion. The five dollar award offered by the Lions club was taken by

Mrs. Bessie Helms, according to Charles S. Graham, chairman of the Pleasanton parade committee. Three judges, each unknown to the others, made the selection.

Pleasanton also was well represented in the way of music and drum corps. The town entered its own drum corps, the Mt. Diablo Encampment drummers, and then appropriated a band and another drum corps from Richmond. The Pleasanton section was approximately a quarter of a mile long.

After the parade the majority of Pleasantonians in attendance stayed over for the afternoon performance of the rodeo.

It was reported that Pleasanton this year actually did receive official thanks from Livermore for its part in the parade. It was because of the fact that no recognition had been taken in the past that it appeared for a time as if there would be no representation from Pleasanton this year.

Sunol as in the past also joined with Pleasanton in the celebration.

FAILURE TO GET BUSINESS PERMIT CAUSES ARREST

Wellington Crommie, of Pleasanton, To Come to Trial.

Wellington Crommie, operator of a restaurant in Pleasanton, was arrested on two charges of operating a business without proper licenses by Police Chief Wm. T. Davis on Tuesday afternoon.

He was released without bail by Judge Manley Clark when he appeared and entered a plea of not guilty to both charges. His trial was set for Tuesday.

Crommie was charged with operating a restaurant and with selling soft drinks without a license. Police Chief Davis stated that the restaurant license expired early this year and that he has never had a soft drink permit.

Mr. and Mrs. George Cox and family, Mr. and Mrs. Joe Oliver and son, Leo, of Niles; and Lee Steuart, of Hayward, are spending a delightful vacation at the Sierra summer home of Dr. J. F. Kergan, of Oakland.

Miss Edna Wellington was a Sunday visitor in Sacramento.

Ed Rose enjoyed a fishing trip over the week-end.

Mr. and Mrs. Ray Peterson, of Niles, and Mrs. T. R. Costa, of Hayward, spent Sunday in San Francisco visiting Fleishacker pool, the zoo and Chinatown.

Mr. and Mrs. A. J. Petsche are moving this week into the new home recently built by Manuel Vargas on Third and "G" streets.

Mrs. W. W. Brown and daughter, Katherine, of Grand Junction, Colorado, are visiting at the home of Mr. and Mrs. Charles Hiser. They arrived in Niles last week and plan to stay one month. Mrs. Brown and Mrs. Hiser are sisters.

Mr. and Mrs. J. J. Alberg celebrated the birthday of Mrs. Alberg's mother, Mrs. H. Atzeroth, with her in San Francisco over the week-end.

Mrs. J. D. Cardoza, who has been vacationing in Sacramento, spent the week-end in Niles with Mr. Cardoza. She plans to return to Niles next week.

Mr. and Mrs. E. A. Ellsworth, Mr. and Mrs. Lester Duffy, and Mr. and Mrs. Tom Smithers, formerly of Niles and now of Ripon, spent the week-end at Paradise Park.

Mrs. J. H. Hunt, of Niles is entertaining Mr. and Mrs. C. E. Waldner and family, of Taft, and Mr. and Mrs. H. R. Hunt and family, of Bakersfield. Mrs. Waldner and Mr. Hunt are children of Mrs. J. H. Hunt.

Ellsworth And Shinn Elected School Trustees-22 Years Ago

Old-timers of Washington Township will undoubtedly be greatly interested in the following extracts from a copy of the old Washington Press, later absorbed by the Township Register, printed in Niles on Saturday, April 3, 1909, shortly after a school election, when E. A. Ellsworth polled 131 votes out of 133 cast to be elected trustee of Niles Grammar school, and J. C. Shinn polled 132 out of 133 votes for High school trustee. Both Shinn and Ellsworth are still prominent in civic affairs in the city.

Quoting from the election story, written by Chris Runckl, editor: "One of the notable features of the day was the voluntary closing of all saloons during the election hours. The saloon men deserve credit for this action." What a break—no excuse for voting for the wrong man here!

What would you say if you saw an advertisement like this in a current paper—"The purest of ice cream with choice fruit syrups and cornucopias fresh every day at Fernbrook Pharmacy." H. L. Scott, still in business in Niles, offered a free rawhide buggy whip, a dandy brush and a curry comb to all who purchased a set of harness. And how many remember the automobile for hire at the Fashion Livery Stable? More progressive in 1909 than now—Oakland has about the nearest auto rental agency now!

Raymond Fadie, who passed away last Tuesday, July 7, was to appear before the Board of Supervisors, for the purpose of obtaining a liquor license. Times have changed, indeed!

Freshmen at the High school organized a ball team with Ben Murphy as captain and Bruce Baldwin as manager. C. H. Hatch and J. D. Norris were chosen delegates of Washington Parlor Native Sons of the Golden West, to the Grand Parlor convention at Marysville.

Property owned by Messrs. Soares, Moore, Cowan and Shel-

don caused a rumor that they had been purchased by the Southern Pacific Company for the purpose of straightening the approach of Dumbarton road through Newark to the bridge. The Misses Viola George, Gertrude Petersen and Doris Whipple, of Decoto, enjoyed a week's vacation from normal school duties in San Jose.

Born—In Newark, March 29, to the wife of James McDougal, a daughter. March 31, to the wife of M. Perry, a daughter. Twenty-two years ago!

And in closing, an editorial printed in April, 1909, that should be of interest to all now residing in the township:

"Now that the state is to enter upon the building of state highways it is time for our part of the country to awaken to the possible route that the state may take. Shall the Bulmer Hill route or the Niles Canyon route become the state road? If the people of Pleasanton and Washington townships are alive to their best interests they all will at once take up this most important question. For grade, scenic beauty and resultant benefit to the two townships, the Niles Canyon route offers the most feasible route. Let us again awaken to the importance of this question!"

PLEASANTON MEN PLAN SHRINERS PICNIC AUGUST 2

Aahmes temple Shrine members in Pleasanton are making plans to attend the annual outing and picnic to be held at Ramona Park on Sunday, August 2.

Opportunity for Girls.

Mr. O'Brien is very anxious to have as many girls and boys start in the campaign as possible, and requests all girls under 18 years of age to call at the office for full particulars of the separate special offer to girls, as well as boys, to secure their share of the gold, gifts of silver, and other gifts to be given away to boys and girls by The Register.

Boys and girls 18 years of age and under are urged to come to The Register office, meet Mr. O'Brien, register their names, receive blanks and get into the fun.

Parents are likewise urged to persuade their boys and girls to enter the campaign. The returns in dollars and cents will well repay them and they will profit by the experience and confidence it will give them.

The regular subscription rates of The Township Register are six months, \$1.00; one year, \$2.00, payable in advance; will be collected by the boys and girls and receipt given subscribers by the boys and girls during this campaign.

Subscribers are requested to pay some boy or girl and help them to get their share of the \$60.00 in gold and generous gifts of silver, also daily gifts to be given boys and girls by this paper Saturday, August 1.

Display Extra Gifts

The extra gifts are on display in the attractive window of the Niles Cleaners and Dyers (near post office), and are attracting much attention.

For every subscription obtained boys and girls will receive ten cents to twenty-five cents as well as an opportunity to win one of twelve big gifts, which include \$60.00 in gold; also a large amount of silver money. Extra gifts will also be given every day, consisting of wrist watches, cameras, Boy Scout pocket knives, pearl necklaces, footballs, Boy Scout flashlights, manicure sets, fountain pens, flashlights, California flower bead necklaces, Eversharp pencils, Boy Scout axes, trail finders, archery sets, roller skates, theater tickets, and many other gifts.

PLANT TOUR OFFERED BY FORD MOVIE

Sound Film in Road Show
Depicts Manufacture
of Automobiles.

How precision in the manufacture of the Ford car is made possible by volume production is graphically illustrated by a sound motion picture being exhibited in Ford road shows which travel about the country in fleets of Ford trucks. The shows carry their own exhibition tents and are daily attracting thousands of visitors.

This road show will be in Centerville next Tuesday and will be open to the public from 2 till 10 p. m. Ira B. Hodgkins, Centerville Ford dealer, is cooperating with the road show crew to make the event a success. The picture, entitled "A Tour Through the Ford Plant," depicts the manufacture of the car from the production of raw materials in the company's own mines and forests through the various stages until the car is driven off the assembly line to join its innumerable predecessors in the traffic of the world.

One sees the material arriving at the Rouge plant at Dearborn, Mich., in Ford-owned ships and railroad cars. One follows them to the blast furnaces where iron is made, into the open-hearth furnaces where steel is manufactured, into the mills where steel ingots are rolled into bars, into the glass plant where sand and other materials emerge in long strips of glass, into the coke-oven section where coal is converted into coke, gas and other valuable by-products.

Supplementing the motion picture, the road show exhibits a number of special displays showing in detail the precision which has resulted from volume production and which in turn has made volume production possible. Of special interest is a display of Johanson gage blocks, little oblong pieces of metal so delicate that the heat of your hand expands them. Another interesting display is that of rustless steel parts showing how they are formed and polished. Still another is a Triplex shatter-proof glass windshield, which, though cracked by a heavy blow, refuses to shatter. Of interest to women visitors are samples of the various cloth used in Ford upholstery.

ACCIDENT DELAYS RURAL MAIL DELIVERY

Rural mail delivery was held up Friday morning as the result of an accident suffered by Mrs. Rose Kinkle, substitute rural mail carrier, who was crowded off the road by another car just as she commenced to cross the Ord bridge in Niles canyon, her automobile striking the bridge supports, and being severely damaged.

According to Mrs. Kinkle, the other car was crossing the bridge and driving in the center, forcing her to swing over and hit the supports.

Delivery was continued immediately after, with Mrs. R. Cozzi assisting Mrs. Kinkle. A. R. Straub, regular rural mail carrier, is away on a vacation of two weeks, his place being temporarily filled by Mrs. Kinkle.

PACIFIC GAS AND ELECTRIC MAKES SPECIAL OFFERS

Following a series of manufacture, jobber and dealer meetings, culminating June 9, the Pacific Gas and Electric Company reached a decision that "the only way to secure a larger volume of gas appliance business, now, is to have a "United Gas Industry" campaign and to make some real inducements for the public to buy."

In accordance with this decision, an extensive newspaper campaign is being carried on by this company, predominance being given to gas appliances in view of the inauguration of a "United Gas Industry" campaign. The advertising campaign will offer special inducements, such as small down payments, liberal terms with deferred installment payments, and a summer campaign discount.

ANNUAL MACMARR PICNIC AT ROSE CANYON SUNDAY

Rose's canyon will be the scene of the annual MacMarr butchers' picnic Sunday. Barbecuing of a whole steer and dancing will be features of the day to which all MacMarr butchers and their families have been invited.

When the steer is ready to be cut, the correct knife wielding procedure will be demonstrated by Lawrence Bone, manager of the meat department, and Eddie Jones, head supervisor.

Emil Hagstrom, president of MacMarr Stores, Limited, and Gus Rosemond, head buyer, will be honored guests of the event.

Superior Trailer Made by San Leandro Firm

The H. G. Sherman Company, 958 East Fourteenth street, San Leandro, this week completed its new general utility trailer and has it attached to a Ford car. This company manufactures these trailers at their plant there which are made from class "A" Ford parts of the finest materials. They are equipped in a modern way, centered on two tire wheels, and have a capacity of 1400 pounds. Every part of these trailers are equipped to carry Ford parts. They are also made to carry row boats or anything that will fit on a trailer. Mr. Sherman has had this idea in mind for many years and has just finished his first one, which will be followed by many more. The trailers are moderately priced and make a neat appearance behind any automobile.

POST OFFICE ORDERS 1500 FORD TRUCKS

The United States Post Office Department today placed an order with the Washington branch of the Ford Motor company for 1500 motor truck chassis, of which 500 will be three-quarter ton carrying capacity, and 1000 of one and one-half tons carrying capacity. The purchase of the motor equipment was the largest made by a government department since the war. With this order Ford sales to the Post Office Department during recent years reached a total of 2900 units. These facts were released through Ira B. Hodgkins, Ford dealer in Centerville.

The purchase marked another step in the Department's program of building up its fleet of several thousand trucks and also to replace some of the surplus trucks turned over to the Post Office Department by the army at the close of the war.

Deliveries are to start immediately, and continue as rapidly as the bodies contracted for are ready for installation. The completed trucks will then be distributed to some 60 cities throughout the United States.

The order was placed with the Ford company after an exhaustive test conducted by the Department with the cooperation of the Bureau of Standards. The tests were under the supervision of W. A. Jacobs, automotive engineer for the Bureau of Standards, and William Wolma of Chicago, and Morris Carrier, of Brooklyn, motor vehicle engineers of the Post Office Department.

MORE CHILDREN AT PLEASANTON HEALTH RESORT

Youngsters Show Marked Improvement by Stay There.

Rose cottage health resort, of Pleasanton, received more children this week from the Alameda Health Center. All of the kids are underweight and were sent here for their summer vacation. They will remain for one month.

Six of the first group of kiddies were returned to their homes last week, according to Mrs. Jacobs. All of them had regained their normal weight during their stay of several weeks in Pleasanton.

Mrs. Jacobs expressed herself as being well pleased with the manner in which the children have responded to the health building program arranged.

DRASTIC ACTION IS ASKED OVER CORRAL REMOVAL

Councilman Apperson, of Pleasanton, Would Halt Stalling of Railroad.

Drastic action against the Western Pacific Railroad Company for failure to conform with Pleasanton ordinances forbidding the handling or unloading of livestock within the town limits was advised by Councilman Randolph W. Apperson before the town board Monday night.

Councilman Apperson declared that it was a disgrace and outrage to permit the Western Pacific to continue to unload the wild horses in its corral here, where they remain for one and even two days, with several horses dying during that time.

Apperson favored giving the railroad company forty-eight hours notice and then to arrest if the ordinance was further violated. He pointed out that the ordinance went into effect February 1, last, and that already the board has extended the railroad several time limits; that on different occasions when complaints were filed, definite answers that the corrals would be abandoned were given; and that to date the company continues to unload its horse shipments as before.

Other members of the board in speaking upon the subject brought out the fact that if it was not for the shipment of horses to Pleasanton the Western Pacific would be forced to close its station here; that the railroad has already laid its spur track to the edge of the property it is attempting to purchase from the City of San Francisco on which to erect its corrals; that it has made application for water from the town; and that lumber or the corrals is now on the ground.

Councilman Garatti, acting mayor, stated that he would take the matter up this week and report back to Councilman Apperson immediately.

NO CURTAILMENT IN PLEASANTON POSTAL SERVICE

There will be no curtailment of postal service in Pleasanton, according to Postmaster Charles S. Graham.

It was thought by some that perhaps the post office windows here would be closed for a time each week owing to the forty-four hour week for post office employees which went into effect on July 1.

Such will not be the case here as the Pleasanton office is under the third class classification and its employees do not come under civil service rating.

The Pleasanton post office will continue to have its stamp, general delivery and money order windows open from 8 a. m. to 6 p. m., daily, with the exception of Sundays, and for a few minutes at each incoming mail arriving here at 8:30 and 9:30 a. m., and 12:30 and 5:45 p. m.

Breathing Exercise A-1

Position: Flat on back, place middle finger at a point midway between the end of the breast bone and the navel. Now inhale so that you can feel the up and down motion of the diaphragm. See that there is no pronounced movement of the chest. Do this exercise in bed one hundred times each night and morning.

The aim of this exercise is to increase the flexibility of the diaphragm, and to give you endurance and vitality. After a short time the muscles are consciously trained and brought under control and you will find that the correct diaphragmic movement will take place while walking or standing.

The up and down movement of the diaphragm is the greatest massage agent we have. The action extends to the stomach, liver and intestines and is a great help in correcting constipation.

This exercise will enable you to store actual vitality in the Solar Plexus, the great power house

of the sympathetic nervous system.

Exercise No. 2

Many people suffer from an unnatural muscular and nervous tension, seemingly being unable to let go. This causes a great waste of vital and nervous force and should be overcome.

One of the simplest methods to alter this unhappy condition is as follows:

Lie flat on the back and close the eyes.

Inhale a medium full breath.

Then gradually, and without jerking, tense the entire body and make the muscles as rigid as possible, carrying this to the hands as well. Take about twenty seconds to do this.

Then suddenly relax the muscles of the entire body, and allow the air to be expelled at the same time. Let yourself go limp.

Rest ten seconds and repeat. This practice will soon produce a great change, and the greater the tension is, the greater will the relaxation be.

Exercise A-3

Deep breathing and the development of real lung capacity is most important in all body or vitality building, and the securing and retaining of health.

You must learn to use all of your lungs and chest, and to use them all the time.

To develop full use of the lungs and the diaphragm, which is the greatest engine of vitality, practice the following method: When walking, inhale for six steps; hold the lungs full for three steps; exhale for six steps; hold the lungs empty for three steps. Keep on repeating this.

The above 6, 3, 6, 3, measure is not arbitrary and can be varied to suit individual, but the proportions are kept approximately the same. A measure of 5, 2, 5, 2, 7, 3, 7, 3, etc., may be adopted as found best.

The habit soon becomes automatic and is carried on by the subconscious mind. The results are marvelous for it gives added warmth to the body, and develops vitality and magnetism.

Most people breathe in laps, and the exhaling is usually shorter than the period of inhaling. The period should be of equal duration at least, with a preference to longer periods for exhaling.

JURY ASKS FOR SAFER PLEASANTON GRADE CROSSING

Accidental Death Is Verdict in Case of Theodore Souza

That Theodore Souza, 21, of Mission San Jose, who was killed on the evening of June 30 when the automobile in which he was riding was struck by a Southern Pacific train, at Pleasanton died as a result of internal hemorrhage, caused when three fractured ribs punctured his lungs, was the verdict of a coroner's jury in Pleasanton Thursday morning.

The jury exonerated the train crew from all blame and reiterated the demand of several other juries that steps be taken to make the crossing safer for the traveling public.

PLEASANTON MAN PAINFULLY HURT IN AUTO SMASH-UP

Accident Occurs Saturday Night Near Bridge This Side of Livermore

Charles Haas, of Pleasanton, suffered injuries about the head and face Saturday night as a result of being crowded off the road near Livermore, his machine turning over at the bridge just this side of Livermore on the Pleasanton highway.

He was given medical treatment in Livermore and brought to his home on the Pothill road near Pleasanton.

HOLY GHOST FIESTA AT NEWARK PROVES VERY SUCCESSFUL

Large Crowds Attend 3-Day Celebration Last Week-End.

With Miss Mary Guardanopoli reigning as Queen, the Newark Holy Ghost fiesta last week-end proved one of the most successful ever sponsored in this community for many years. The Queen was assisted by the Misses Marie and Jeanette Silva, and the girls of the square were Misses Eleanor Freitas, Virginia Enos, Lucy Silva and Mamie Pico.

The fiesta, opened Saturday evening with a dance at the Newark pavilion and a grand fireworks display. The arrangements were in the capable hands of S. E. S., No. 8, officers of which are: Pete Freitas, president; Joe Soito, vice-president; A. Bracellos, secretary; F. Meneses, treasurer, and A. Silva, marshal.

Two brass bands, the Druids, of Centerville, and the North Oakland band, provided continuous music on Sunday and Monday.

A parade was held Sunday morning at ten o'clock, followed by high mass conducted by Reverend Father Bray, of Newark, and Reverend Father Antone, of Oakland.

Sunday afternoon featured sales, free barbecue and amusements. A barbecue was also held on Monday. These two features of the celebration were prepared by Messrs. L. Ruschin, John Freitas and J. D. Silva.

Huge crowds were present on each day of the fiesta, and many enjoyed the dances, when music was provided for both Chamarita and modern style dancing.

Maywood—Erection of \$45,000 addition to Heliotrope school building under consideration.

The Cow that "goes to School"

EXCITEMENT RUNS HIGH as a sleek cow and calf arrive at the school yard.

With this traveling exhibit and a lecturer, California Dairy Council gives many city children their first "close-up" of real dairy animals—and an unforgettable lesson in the health value of milk.

More than 350,000 children in this state receive milk at school. Yet this consumption is but a fraction of the total. Annual sales of California dairy products exceed 150 million dollars!

This great industry uses Bank of America's service on a continuous, statewide scale. No less than 12,000 milk producers, as well as some 300 manufacturers and distributors of dairy products, are depositors in this Bank.

Commercial funds and workers' savings—deposited in many Bank of America branches—are transformed into sound commercial credit that assists dairymen and all branches of the industry.

Among other services, the Bank collects payment for domestic and export shipments of butter, cheese and condensed and powdered milk—and transfers funds to or from any market in the world.

Bank of America's co-operation with such basic industries assures protective, statewide distribution of the Bank's resources. Does not this policy appeal to you?
